[XXII. YEAR.] THE [No. 1140.]

MARYLAND GAZETTE.

THURSDAY, JULY 16, 1767.

LONDON, *April* 30.

YESTERDAY there was the fulleſt Houſe of Commons known ſince the Meeting of Parliament, and it was expected would ſit late.

This Day will be held a full Board of Trade, being the firſt ſince the Holidays; and, we hear, the Privy Council have given Grants of Land upon the Continent in North-America, to many of the poor Sufferers in the late War.

Private Letters from Madrid inform, that an Advice Boat had been ſent from Cadiz, with ſecret Diſpatches for the Viceroys of Mexico, Peru and Chili, and the other Spaniſh Governors in South-America, and the Weſt-Indies, ſaid to be on Affairs of Importance relating to the Jeſuits.

It is ſaid a Patent will be given to ſeveral eminent Mechanics in Watch-making, for making of Mr. Harriſon's Time-Piece; that they will be examined when made by a Committee, to aſcertain their being agreeable to the Original, and that the Price of them will be likewiſe aſcertained.

The late Ducheſs of Argyle always deſired to be buried juſt in whatever Things ſhe ſhould have on when ſhe died, and no other; theſe happened to be a Shift and Petticoat; and her Grace was alſo wrapped in Half of a Sheet, the other Moiety of which her Noble Conſort, the Great Duke of Argyle, was interred in.

We hear a great Number of foreign Jeſuits, who are poſſeſſed of immenſe Wealth, have a Deſign to lay aſide their Eccleſiaſtical Function and Character intirely, in order to come and ſettle in Great-Britain as Merchants, where they intend to get themſelves naturalized; for which Privilege, it is ſaid, they are willing to pay a large Sum to the Government, which they intend to petition for that Purpoſe.

Extract of a Letter from Madrid, April 2.

"Two Jeſuits arrived here lately from Paraguay; one of them was the Governor, and the other Chief Juſtice of one of the principal Provinces. Upon their Arrival they requeſted the neceſſary Paſſes to convey them to Rome; which were readily granted, with expreſs Orders to the Officers not to ſearch or examine any Part of their Baggage. The Jeſuits placed ſo much Confidence in the Orders given, that without the leaſt Fear they proceeded on their Journey to Catalonia, where they intended to embark; but ſcarcely were they arrived there before their Perſons and Baggage were all ſeized. Upon opening their Baggage, there were found 260 heavy Ingots of Gold, 13 large Boxes, filled with Diamonds, and other precious Stones, and Bills of Exchange for Three Millions, payable at Rome."

Trade is brought to ſo low an Ebb at Liſbon, that the Cuſtom-houſe Duties for the Month of February, did not exceed Four Hundred Moidores.

May 2. Yeſterday Morning the Two Secretaries of State, and ſeveral Lords of the Privy Council, attended at the Cockpit, Whitehall, on Affairs of Importance.

It is now currently reported that the Negotiation between our Court and that of Portugal has taken a favourable Turn; and it is even ſaid that a Commercial Treaty is on foot, whereby all our Rights and Privileges will be renewed, ſo as to prevent any Subject of future Complaint.

This Week ſome of the Heads of the German Emigrants ſettled at Long-Canes and Hilſborough Townſhip, in the Province of South-Carolina, arrived in Town from Charles-Town, and are ſoon to ſet out for Germany, to engage a Number of their Countrymen to embark for that Place.

Yeſterday Morning Two Battalions of the Middleſex Militia marched, the one for Finchley Common, the other for Hounſlow-Heath, to be exerciſed for 28 Days, in purſuance of the Act of Parliament.

May 4. General Cornwallis, appointed Governor of Gibraltar, in the room of General Irwin, will embark for that Station about the Middle of this Month.

The Government has ordered a Ship of War to be ready at Portſmouth to carry home his Excellency Hamet Aga Joya Effendi, to Morocco, and a new Ambaſſador is daily expected in Town from Gibraltar.

It is ſaid, in a Letter from Madrid, that the confiſcated Effects belonging to the Jeſuits through the whole Kingdom of Spain, already amounted to the Sum of Seventy-five Millions of Piaſters, excluſive of the Spoils expected from that Society in the Indies.

Accounts by Saturday's Mail confirm the Advices mentioned lately in the Papers, of the Seizure of the Jeſuits at Barcelona on the 14th ult. and add, that in ſome of their Cells Guns were found, and in others ſome Papers were diſcovered burning, which had juſt been thrown into the Fire.

Saturday Morning a Quantity of Artillery and Ordinance Stores were ſhipped at the Tower for Senegal, and on Monday Two Companies of Matroſſes will be embarked at Woolwich for the African Settlements.

We hear the Eaſt-India Company is to pay into the Exchequer, by Half-yearly Payments, 500,000 l. per Annum, for Three Years certain; and that on or before the Expiration of that Time, they are to deliver in an Account of all the territorial Revenues and Duties they receive, Military and other Expences deducted, in order to ſettle what hereafter may be paid; and at that Time will be taken into Conſideration the granting of them a new Charter for a longer Term of Years. In the mean Time, the Company are to be aided to enlarge and extend their Trade, for the mutual Benefit of Great-Britain and the Proprietors, and to put a Stop to Smuggling by lowering the Duties and granting Drawbacks; the beſt Means to increaſe the Revenue, and to prevent the Dutch, Swedes and Danes rivalling the Company in the Tea Trade, by bringing large Quantities to Europe which are afterwards tranſported into England. The Company will alſo buy their Teas in China much cheaper; and laſtly, that the Company ſhall pay no higher Dividend for Three Years than Eight per Cent. and not afterwards, but by a Petition to Parliament, ſetting forth their Abilities to pay a larger Dividend.

Extract of a Letter from Cornwall, April 29.

"On Saturday a large Body of Tinners, to the Amount of 500 or upwards, went in a Body to an Eſtate near Truro, called Lambeſſa, in ſearch of Corn, where they met with a ſmall Quantity, for which they paid Fifteen Shillings per Corniſh Buſhel, and Seven Shillings for Barley, which is Three Wincheſters; and in examining the Houſe, one of the Number took an Opportunity of concealing ſome Silver Spoons, which being miſſed after they were gone, a Perſon followed them into Truro, and complained to the Man who ſeemed to be at the Head of them; upon which he aſſembled them together, and told them what had been done, and inſiſted on every Perſon being ſearched, at the ſame Time ſtripping off his own Cloaths, as did many others, to the Amount of Forty or Fifty, when one Perſon refuſing, gave a Suſpicion. Accordingly on Enquiry they found Two Silver Spoons upon him; upon which they carried him to the Public Croſs, and ſent the Cryer round the Town, to give Notice, that ſuch a Perſon, mentioning his Name, had been guilty of the Theft, and that he ſhould be publicly puniſhed for the Offence. They then procured ſome Thongs from a Saddler's, made Two Whips, ſtripped him, and tied him to a Poſt, and Two of them gave him to the Amount of 200 Laſhes, heartily laid on, and to ſuch a Degree, that he now lies dangerouſly ill. Such are the Notions of Juſtice in our common Tinners.

The Hon. Sir James Grey, appointed his Majeſty's Ambaſſador to the Court of Spain, will ſet out for Madrid in a few Days.

From ſome certain Calculations relative to the great Horſe Match between Bay Malton, Herod, Turf and Aſcham, it is ſaid that there were Wagers depending on that Race to the Amount of 1,100,000 l.

The late amiable Marquis of Taviſtock, as appears ſince his death, allowed a Number of Penſions, from Five to Fifteen Pounds a Year to poor People in Bedfordſhire; the Loſs of ſo beneficent a Heart is therefore a public Calamity in any Country, eſpecially at a Time when the Beneficence of the Great is ſo immediately neceſſary for the Support of the Indigent.

They write from Cadiz, that an Order has been received there for the Equipment of a ſmall Squadron, ſaid to be intended for an Expedition to South-America, to deſtroy a certain Sea Port which the Jeſuits of Paraguay had poſſeſſed themſelves of, between Cape St. Antonio and the River of Plate.

They write from Liverpool, that ſome opulent Merchants of that Town, are preparing to fit out a Number of Ships, to be employed this Seaſon in the Greenland Fiſhery.

We hear from Glaſgow, that ſome Fiſhermen lately dug up, on the Iſland of St. Kilda, Two antique Urns, containing a Quantity of Daniſh Silver Coin, which by the Inſcription appears to have lain there upwards of 18 Hundred Years.

We are credibly informed, that the Vigilance of Admiral Palliſer, during his Station laſt Year at Newfoundland, has utterly diſconcerted the Views of the French in their Attempts to carry on any future clandeſtine Trade with the Engliſh; ſeveral of their Piſhermen, who carried out little or no Proviſion for the Voyage, in hopes of being ſupplied in Exchange for Brandies and European Goods, having been obliged to quit the Coaſt before the Seaſon was half expired.

We hear that French Louis d'Ors never were ſo plenty at New-market as at preſent, to the agreeable Surprize of all the Gentlemen of the Turf.

A Butcher in a Market in the Weſt of the Metropolis, has won 7000 l. by the great Horſe-Race at New-market laſt Tueſday.

A Waiter at a Coffee-Houſe at the Weſt End of the Town loſt 400 Guineas laſt Tueſday, by betting at New-market Races.

A noble Lord, we hear, will ſhortly take a Tour to the Continent, and ſtay abroad till he has recovered his Loſſes at the preſent New-market Meeting, by a prudent obſervance of Oeconomy.

We hear that 1200 Guineas were offered laſt New-market meeting for the famous Horſe Bay Malton, the Property of the Marquis of Rockingham, and refuſed.

May 5. Yeſterday Morning his Majeſty, attended by their Royal Highneſſes the Dukes of York, Glouceſter, and Cumberland, the Prince of Brunſwick, the Marquis of Granby, and ſeveral other Perſons of Diſtinction, reviewed the Right Hon^ble the Earl of Pembroke's Regiment of Dragoons, in Hyde-Park. The Men were all mounted on fine black Horſes, and went through their different Exerciſes, both on Foot and Horſeback, in ſuch a Manner as to give general Satisfaction.

By a Letter from Jamaica we learn, that Silver is now more plentiful in that Iſland than at any Time ſince the Concluſion of the late War.

They write from Paris, that a Fire broke out a few Nights ſince in the Pariſh of Veneux-Naudous, near Fontainbleau, and that the Flames ſpread ſo rapidly, that 54 Houſes were ſoon reduced to Aſhes.

Letters from Paris ſay, that the French Miniſtry have communicated to the Senate of Genoa the Project for an Accommodation received from the General Council of the Corſicans, together with the Memorial of General Paoli; but the Genoeſe having declared that they could not accept of it, it is ſuppoſed that the Expedition to the Iſland of Capraia was undertaken to bring them to a Compliance.

By a Veſſel arrived at Gibraltar from Sallee, there is Advice, that a French Ship of Thirty-two Guns, had lately put into the Iſland of Fedal, on the Coaſt of Barbary, and landed a Party of Marines, but were ſoon after repulſed, with great Loſs, by the Moors, and the Man of War narrowly eſcaped being taken.

The Daniſh Eaſt-India Company, who had agreed not to ſend any more Ships to Bengal, have altered their Mind, and reſolved not only to fit out One this Year for that Coaſt, but even to ſend ſeveral thither annually, in order to extend the Commerce of the Company in that Part of the World.
